

Release notes SYGDG2-SYGDG3

These release notes are applicable to the following modules:

- GDK100
- HDK100
- SDK100

Software version 1011
Hardware version 0203, 0204
Platform SYGDG3
Date 07-08-2015
Filename gdg3-sdk-0203to0204-1011-service.zip

Fixed:
Keyer not linear

Software version 1011
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 07-08-2015
Filename GDK100-0100to0102-1011-service.zip

Fixed:
Keyer not linear

Software version 1010
Hardware version 0203, 0204
Platform SYGDG3
Date 27-05-2015
Filename gdg3-sdk-0203to0204-1010-service.zip

smooth transaction added in self key mode

Software version 1010
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 27-05-2015
Filename GDK100-0100to0102-1010-service.zip

smooth transaction added in self key mode

Software version 1009
Hardware version 0203, 0204
Platform SYGDG3
Date 08-01-2015
Filename gdg3-sdk-0203to0204-1009-service.zip

Added support for new hardware

Software version 1009
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 08-01-2015
Filename GDK100-0100to0102-1009-service.zip

Added support for new hardware

Software version 0807
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 14-03-2011
Filename gdk100-0100to0102-0807-service.zip

This firmware is applicable for: GDK100, HDK100, and SDK100
force shaped keying added.
Audio routing bug solved when changing the preview channel

Software version 0704
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 27-12-2010
Filename gdk100-0100to0102-0704-service.zip

This firmware is applicable for: GDK100, HDK100, and SDK100

WARNING: updating to this version without a key results in a SDK100

- Menu-items Program Output and Preview Output of Luminance Keyer (Prgm-Key and Prev-Key in Classic View) retains setting after power cycle.

Software version 0604
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 14-07-2010
Filename gdk100-0100to0102-0604-service.zip

This firmware is applicable for: GDK100, HDK100, and SDK100

WARNING: updating to this version without a key results in a SDK100

- GPI-3 input working and can change PRGM output or PREV output

Software version 0503
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 05-02-2010
Filename gdk100-0100to0102-0503-service.zip

This firmware is applicable for: GDK100, HDK100, and SDK100

WARNING: updating to this version without a key results in a SDK100

- GPI input working

Software version 0403
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 02-02-2010
Filename gdk100-0100to0102-0403-service.zip

This firmware is applicable for: GDK100, HDK100, and SDK100

WARNING: updating to this version without a key results in a SDK100

- Added quad bus audio for ADD-ON functions
- Release GDK100

Software version 0302
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 05-08-2009
Filename gdk100-0100to0102-0302-service.zip

This firmware is applicable for: GDK100, HDK100, and SDK100

WARNING: updating to this version without a key results in a SDK100

- key fade_in and fade_out time

Software version 0101
Hardware version 0100, 0101, 0102
Platform SYGDG2
Date 05-05-2009
Filename gdk100-0100to0102-0101-service.zip

This firmware is applicable for: GDK100, HDK100, and SDK100

WARNING: updating to this version without a key results in a SDK100

- Initial release
