

# Release notes HDH21

These release notes are applicable to the following modules:

- HVD05

---

**Software version** 1315  
**Hardware version** 0100, 0101, 0102  
**Platform** HDH21  
**Date** 16-11-2012  
**Filename** HVD05-0100to0102-1315-service.zip

- Fixed: Improved stability of "auto" video format detection. Detection was unstable with 720p-50 video format, resulting in incidental loss of output.  
- Removed: Reference status, because the card can not lock to reference.
